MEMORANDUM FOR: Mr. Knoche

Senator Inouye mentioned to me that his staff was working together with you on a series of unclassified papers on what the CIA does in terms of covert action, ELINT, analysis and various other functions. He wanted to use these in reporting to the Congress on how he was conducting his oversight.

If we are assisting in this I'm very interested in it, both from the point of view of helping the Senator and from generally opening up to the public as much as we can.
